

# CHRISTINA D. LUPONE, MPH, BS

7499 OVERLAND DRIVE NORTH SYRACUSE NY 13212 | LUPONEC@UPSTATE.EDU | 315-391-4864

## EDUCATION

### **PhD in Curriculum, Instruction, and the Science of Learning (January 2021 – Present)**

University at Buffalo, Department of Learning and Instruction

### **Master's in Public Health, 2013**

SUNY Upstate Medical University, College of Medicine

### **Master's in Public Health, 2013**

Syracuse University, Maxwell School of Citizenship and Public Affairs

### **Global Health Certificate of Advanced Study, 2017**

University at Albany, School of Public Health

### **Bachelor's of Science, 2008**

Syracuse University, College of Arts and Sciences

Minor: Italian Language, Literature, and Culture

Syracuse University in Florence, Italy

### **Continuing Education**

SUNY Collaborative Online International Learning Professional Workshop

Study Abroad Goes Virtual – November 2020

Consortium of Universities for Global Health

Health, Safety, and Security: Rules of the Road for International Programs and Initiatives Workshop

February 2017

## PROFESSIONAL EXPERIENCE

### **SUNY Upstate Medical University (SUNY UMU), Syracuse, NY**

**Director, Global Health and Translational Science Concentration**

**September 2020 – Present**

#### **Upstate Master's in Public Health Program**

- Provide leadership, administration, and student recruitment for the new MPH concentration.
- Lead Instructor<sup>1</sup>: MPHP 624 Introduction to Global Health (Summer 2021)
- Co-Instructor<sup>2</sup>: MPHP 625 Research and Development for Global Health (Fall 2021)
- Lead Instructor: MPHP 626 Pre-Departure for Global Health Experience (Fall 2021)
- Faculty sponsor for Global Health Applied Practice Experiences in Ecuador, Kenya, and Thailand (Summer 2022)

---

<sup>1</sup> As the lead instructor, I developed the syllabus, course content, and provide course delivery and grading to students.

<sup>2</sup> As Co-Instructor, I assisted in the development of the syllabus and course content.

## **Instructor, Department of Public Health and Preventive Medicine**

**July 2017 – Present**

- Lead instructor: PRVM642, 6427, 6428 Global Health Electives in Ecuador (Medical-Spanish Immersion and Research Experiences) (Summer 2016, 2017, 2018, 2019)
- Lead instructor: PRVM6430 Global Health Elective in Kenya (Research and Clinical Experiences) (Summer 2019)
- Lead instructor: MPHP 652 Infectious Disease Epidemiology (Spring 2016, 2017, 2019)
- Lead instructor: MPHP 603 Principles of Environmental Health (Spring 2017, 2018, 2019, 2020)
- Co-Instructor: MPHP 629 Refugee Health in our Community (Spring 2018, Fall 2018, Spring 2019, Fall 2019)
- Facilitator: MPTP101: Patients 2 Populations (Fall & Spring 2016 – Present)

## **Director, Center for Education and Training (CET)**

**June 2015 - Present**

### **Upstate Institute for Global Health and Translational Science**

- Provide leadership and oversight of the operations to the Institute for Global Health and Translational Science to include activities related to strategic planning; student recruitment and marketing; and educational program administration and evaluation.
- Major Responsibilities Include:
  - Project management, oversight, coordination and evaluation of global health-related projects, research, educational programs and courses
  - Policy development in support of new and existing global health programs
  - Support global health lecture and curriculum planning, course development, and curriculum evaluation in consultation with related departments and colleges
  - Interface with local and international partners to create education and training exchanges

## **Research Events Planned through the CET as Lead Organizer**

### **SUNY Upstate Medical University & The Trudeau Institute Biannual Summit Series**

#### **Impact of Climate on Emerging and Re-emerging Vector-borne Diseases**

Planned for October 2020 (Cancelled due to COVID-19) | The Trudeau Institute, Saranac Lake, New York

### **Ethical and Regulatory Issues Involved in the Clinical Development of Substance Abuse Countermeasures**

October 2019 | Central New York Biotech Accelerator, SUNY Upstate Medical University

### **SUNY Upstate Medical University & The Trudeau Institute Biannual Summit Series**

#### **Biomedical Countermeasures Development for Emerging Vector-Borne Viral Diseases**

October 2018 | The Trudeau Institute, Saranac Lake, New York

### **Global Health Day: Human Rights and Global Health: A Rights-Based Approach in a Globalizing World**

Sponsored jointly by the Institute for Global Health and the Students for Global Health Club

October 2018 | New Academic Building, SUNY Upstate Medical University

## **SUNY Global Health Institute Virtual Grand Rounds**

Monthly SUNY GHI virtual grand rounds with distinguished speakers, broadcast synchronously to 4 different SUNY schools (Albany, Upstate, Downstate, Stonybrook, Optometry) for collaboration. 2016-2018

## **One Health: Connected to the Environment**

Sponsored jointly by the Center for Global Health and SUNY ESF

November 2017 | Gateway Building, SUNY Environmental Science and Forestry (ESF)

## **Storming, Swarming, and Superbugs: A Global Health Forum on Microbial Resistance**

Sponsored by SUNY Upstate Medical University Center for Global Health and Translational Science

April 2014 | Weiskotten Hall, SUNY Upstate Medical University

## **Research Administrator**

**January 2014 – June 2015**

### **Center for Global Health and Translational Science, SUNY UMU**

- Provide project management of all Center activities: clinical trials and overseas
- Manage laboratory operations for the Ecuador field site; laboratory data, samples and assays
- Manage expenses and contracts
- Assist in grant writing and proposal submission for Center scientist and clinicians
- Coordinate IRB submissions and reports
- Manages clinical trial training records for Center
- Manage and develop global health education and training opportunities sponsored by the Center for Upstate Students and Faculty
- Plan and coordinate Global Health seminars and annual forums

## **Clinical Trial Laboratory Assistant**

**February 2013 – June 2013**

- Aide in processing of laboratory samples for clinical trial

## **Research Support Specialist**

**August 2011 – January 2014**

### **Department of Microbiology and Immunology – Princiotta Laboratory (SUNY UMU)**

### **Department of Neuroscience and Physiology – Olson Laboratory**

- Oversee daily laboratory processes, supervising and training undergraduate and graduate students
- Management of ordering, inventory, and supply acquisition
- Organize and maintain mouse supply and breeding schedules to coordinate experiments
- Molecular techniques for DNA isolation and purification, PCR, transformation, and sequencing data
- Trained and certified for shipment of hazardous material
- Participate in weekly Journal Club meetings and present newly published scientific papers

## **Research Assistant**

**May 2012 – September 2012**

### **Department of Public Health and Preventive Medicine**

- Conducted preliminary data analysis on the Anniston, Alabama Community Health Survey using SPSS under the guidance of Dr. Paula Rosenbaum, faculty advisor
- Became familiar with using SPSS syntax
- Performed data cleaning, variable recodes, and summarized descriptive findings in graph and tabular form

## **Research Aide**

**August 2011**

## Department of Public Health and Preventive Medicine

- Epidemiology project focused on Tobacco Prevention within the CNY MPH program
- Conducted interviews on smoking cessation habits as part of Team Upstate Medical University
- Informed current smokers on prevention and cessation tools, recorded data for epidemiologic evaluation

## Cornell University, Ithaca, NY

### Technician III

January 2010 – August 2011

### Microbiology and Immunology Department – Scidmore Laboratory

- Plan, coordinate growth and maintenance of a variety of human and animal cells in tissue culture
- Harvest proteins from recombinant bacteria or cells for the purpose of protein purification, metabolic radiolabelling of tissue culture cells, immunoprecipitation, protein gels, and western blotting
- Prepare, fix, and stain samples for immunofluorescence, laser scanning confocal microscopy and epifluorescence
- Genetic manipulations of E. coli for expression of proteins, subcloning of genes and sequencing genetic inserts
- Detailed record keeping of studies conducted and compiled data for presentation of research results using Microsoft Office, MacVector, ImageJ and Adobe software
- General lab management including supervision and training of undergraduate students, lab supplies inventory and ordering

## NovaSterilis, Inc., Lansing, NY

### Laboratory Technician

Sept 2008 – January 2010

- Assist Principle Investigator in grant writing and research
- Oversee daily laboratory processes and inventory, supply acquisition
- Train new lab members and interns in laboratory standards and protocols
- HAZMAT and IATA Certified for customer support and laboratory management
- Keep detailed records of experimental data and write research reports
- Give research support in the field of supercritical carbon dioxide and the tissue banking industry
- Key team member in development and follow up research regarding allograft cleaning process prior to terminal sterilization
- Generate, edit and execute Standard Operating Procedures

**Description:** Innovative climate and health programming for SUNY and Ecuadorian students

## **ACTIVITIES**

### **Intramural Committees at SUNY UMU**

Admissions Committee- Upstate Public Health Program 2020- Present

### **Professional Societies & Institutes Membership**

Member of SUNY Global Health Institute, 2014 – Present

Member of Consortium of Universities for Global Health, 2014 – Present

Member of American Society for Tropical Medicine and Hygiene, 2014 - Present

Member of Society for Epidemiologic Research, 2013-2015

### **Undergraduate and Graduate Student Activities**

Public Health Initiative Member, 2011 - 2013

Public Health Club at SUNY Upstate Medical University, 2011-2013

Student Admissions Representative for CNYMPH Program, 2011 - 2013

- Aided Admissions committee to create new interview questions for CNYMPH applicants and organized new student admission interview days
- Served as liaison between CNYMPH faculty and potential CNYMPH students during the admissions process
- Provided portent CNYMPH applicants campus tours on interview days

Syracuse University Women's Rowing Team, varsity coxswain 2004-2008; team captain 2007-2008

## **AWARDS**

International Educator of the Year Award, 2015

Central New York International Citizens Award Dinner, The International Center of Syracuse
