Mission & Vision

Graduate School of Education

The Graduate School of Education creates and applies knowledge informed by research on human development, educational policy, pedagogy and information science.

With a focus on local-to-global impact, the Graduate School of Education is an inclusive community engaged in ground-breaking research and teaching across education, human development and information science that improves educational, social and economic opportunities for individuals and communities.

As an integral part of a premier, research-intensive public institution committed to equity, diversity, justice and inclusion, the Graduate School of Education will be recognized worldwide for outstanding and transformative research and teaching linked to educational, social and economic opportunities and outcomes at the individual and collective levels.

Educational Leadership & Policy Department

University at Buffalo's Department of Educational Leadership and Policy seeks to prepare educational leaders, researchers and policymakers to identify, understand and solve complex problems facing education — particularly related to the inequitable distribution of opportunities by race, class, gender and national origin in a global context. It also aims to develop an understanding of the how and why successful policymaking and leadership can improve educational practice and the quality of education in diverse school settings and in the rapidly changing world.

In the Department of Educational Leadership and Policy, students work with world-class faculty in the classroom, in the field, on collaborative research and publication efforts. The department offers three master's programs, four doctoral programs, three advanced certificates, an administration certification program, and an undergraduate minor. All programs give students the knowledge and skills to become leaders, advocates and empowered change-makers who go on to improve educational practice and education quality in diverse school settings in a rapidly changing world.

Educational Culture, Policy, & Society EdM Coordinator

Jinting Wu	432 Baldy Hall, North Campus
716-645-1081	jintingw@buffalo.edu

Program Overview

Our master's program in educational culture, policy and society is for you if you wish to explore the role that education (P-16+) plays in the larger society. You will learn how institutions, policies and practices facilitate and/or limit individuals' well-being and social, economic and educational outcomes. In this three-semester program, you will study education in broad-based social, cultural, political, and historical contexts in the United States and other nations. Attention will be directed toward studying the educational policies and practices of underserved populations, including but not limited to historically marginalized racial/ethnic groups in the United States (e.g., African American, Latino/a and non-native English speakers) and populations with limited financial resources. You will also explore gender disparities in education, social and economic opportunities, and unequal outcomes in the global context. You will have the opportunity to focus on cross-national differences in education policies and practices.

Academic credential granted	Master of Education (EdM)
Credits required for completion	32
Time to completion	3 full-time semesters
Course delivery	In person
Application deadline	Fall: April 1, then rolling until Aug. 10 Spring: Nov. 1, then rolling until Jan. 10

Careers

Alumni of the program may find careers in the following areas

- Colleges and universities—administrators and staff of programs (e.g., Educational Opportunity Program, McNair Scholars, Upward Bound) and researchers/analysts of educational policy studies, global studies and related areas
- K–16+ schools—administrators or teachers
- Ministries of education—analysts and policymakers
- International development or human service agencies—administrators, analysts or program officers
- Non-governmental agencies—administrators, analysts, program officers or researchers

Program Features

- Curriculum focusing on cross-national differences in educational policies and practices related to the teaching profession, teaching and learning, as well as key issues such as accountability, high-stakes testing, school choice and government support of education
- Exploration of how disparities along the lines of gender, race/ethnicity, socioeconomic status, national origin, second language status, among others, are (re)produced and mitigated through educational experiences
- Interaction with a diverse student body, including students with a wide range of undergraduate majors from different parts of the world
- Opportunities to pursue research design certificates as part of your coursework, including certificates in applied statistical analysis, international education data analysis and qualitative research methods

Program Courses

Because our ECPS EdM program emphasizes flexibility in course selection across disciplines, we have endeavored to minimize required courses. Students will select one course from each of the three core categories to establish the foundation of their degree. Working with their advisor, students will establish their remaining elective courses based on individual interest and academic focus.

Required Courses

Select **one** course from the following:

- ELP 548 Foundations of Education
- ELP 585 Sociological Bases in Education
- ELP 589 Education and Socialization
- ELP 590 Education and Social Stratification
- ELP 586 Reading Urban Ethnographies
- ELP 620 Educational Transitions P–20

Select **one** course from the following:

- ELP 511 Comparative Higher Education
- ELP 566 Comparative and Global Studies in Education
- ELP 574 Education in Asia
- ELP 575 Education and Globalization

Required for Culminating MA project:

- ELP 700 Project Guidance (2 credits)

Suggested Electives

Besides the core ELP courses, students have the flexibility to design their curricular pathways by choosing coursework from GSE or other departments such as (but not limited to) the following:

Department of Sociology

- SOC 525 Race and Ethnicity
- SOC 615 Sociology of Immigration
- SOC 613 Sociology of Gender

Department of Anthropology

- APY 575 Literary Anthropology
- APY 521S Language, Culture, and Power

Department of Counseling, School, and Educational Psychology

- CEP 500 Fundamentals of Educational Research

Department of History

- HIS 526 The Role of the City in American History

Academic Policies

Academic Integrity

Academic integrity is a fundamental university value. Through the honest completion of academic work, students sustain the integrity of the university while facilitating the university's imperative for the transmission of knowledge and culture based upon the generation of new and innovative ideas. When an instance of suspected or alleged academic dishonesty by a student arises, it shall be resolved according to the following procedures. These procedures assume that many questions of academic dishonesty will be resolved through consultation between the student and the instructor (a process known as consultative resolution, as explained below). It is recommended that the instructor and student each consult with the Academic Integrity Office and/or the Office of Student Advocacy for guidance and assistance.

Examples of Academic Dishonesty

Academic dishonesty includes, but is not limited to, the following:

- Aiding in academic dishonesty. Knowingly taking action that allows another student to engage in an act of academic dishonesty including, but not limited to completing an examination or assignment for another student or stealing an examination or completed assignment for another student.
- Cheating. Includes, but is not limited to: (1) use of any assistance not authorized by the course instructor(s) in taking quizzes, tests, or examinations; (2) dependence upon the aid of sources beyond those authorized by the course instructor(s) in writing papers, preparing reports, solving problems, or carrying out other assignments; or (3) stealing tests or other academic material belonging to the course instructor(s).
- Falsifying academic materials. Fabricating laboratory materials, notes, reports, or any forms of computer data; forging an instructor's name or initials; resubmitting an examination or assignment for reevaluation which has been altered without the instructor's authorization; or submitting a report, paper, materials, computer data, or examination (or any considerable part thereof) prepared by any person other than the student responsible for the assignment.
- Misrepresenting documents. Forgery, alteration, or misuse of any University or official document, record, or instrument of identification.
- Plagiarizing. Copying or receiving material from any source and submitting that material as one's own, without acknowledging and citing the particular debts to the source (quotations, paraphrases, basic ideas), or in any other manner representing the work of another as one's own.
- Purchasing academic assignments. Purchasing an academic assignment intended for submission in fulfillment of any course or academic program requirement.
- Selling academic assignments. Selling or offering for sale any academic assignment to any person enrolled at the University at Buffalo. No person shall offer any inappropriate assistance in the preparation, research, or writing of any assignment, which the seller knows, or has reason to believe, is intended for submission in fulfillment of any course or academic program requirement.
- Submitting previously submitted work. Submitting academically required material that has been previously submitted.

For access to the full university policy on academic integrity as well as the rights and responsibilities of the student and the procedures for managing the resolution of alleged violations of the policy, please refer to the Graduate School Policy Library at <https://grad.buffalo.edu/succeed/current-students/policy-library.html>

Academic Grievances

It is an objective of the University at Buffalo and its Graduate School to encourage the prompt consultative resolution of grievances of graduate students as they arise and to provide orderly procedures for the formal consideration and resolution of complaints that cannot be resolved through consultation.

This set of procedures is designed to provide a well-defined, yet appropriately flexible structure that recognizes and reflects the issues unique to graduate education as well as academic areas common to all faculty-student or administrator-student relationships.

The procedures provide a sequence of steps for the orderly and expeditious resolution of grievances initiated by graduate students. While recognizing and affirming the established principle that academic judgments and determinations are to be reached solely by academic professionals, it is the Graduate School's intention to secure, to the maximum extent feasible, equitable treatment of every party to a dispute. To that end, those who oversee the grievance process are charged to pay heed not only to issues of procedural integrity, but also to considerations of substantive fairness.

The full Academic Grievance Policy and Procedure can be found at the following link:

<https://www.buffalo.edu/grad/succeed/current-students/policy-library/academics.html>

Academic Standing

The Graduate School defines good academic standing as a student who is making acceptable progress toward a graduate degree or advanced certificate. All graduate students are expected to remain in good academic standing throughout the entire course of their study. To monitor graduate student academic standing, the chair/DGS/program director in charge of each graduate program will regularly review the academic records of its graduate students. Any graduate student who fails to remain in good academic standing will be placed on academic probation for the subsequent fall or spring term.

Academic criteria for financial aid eligibility: Satisfactory Academic Progress (SAP)

- Maintain a 2.75 overall graduate grade-point-average (GPA), and
- complete 67 percent of all credits attempted per term.

In order to be considered making satisfactory academic progress for purposes of continued federal aid eligibility, the above standards must be met each semester.

While the Graduate School has minimum academic requirements for all graduate level programs, individual college/schools may establish stricter academic standards. Academic requirements other than those established by the Graduate School are determined by the program faculty and approved by the appropriate decanal unit. **All Educational Leadership and Policy departmental programs are expected to maintain the following criteria.**

- Achieve a term grade point average (GPA) of a 3.0 (B) or better, with no U or F grades earned.
- Completion of at least 67 percent of their attempted credits each term.

Note: The S grade is awarded only in those instances where a student's letter grade would have been equivalent to at least a 3.0 (B) or better. As such, the S grade is considered equivalent to a 3.0 grade point average.

Students who are not in good academic standing as defined above, or who are put on academic probation, are not eligible to participate in university activities, including athletics.

Academic Probation

Any graduate student who receives a grade of U or F in any course, including lab work or informal credit (e.g., independent study, research, dissertation guidance, etc.); or who indicates a lack of ability as determined by the director of graduate studies or student's academic advisor, must receive an immediate academic review. Upon completion of the academic review, the director of graduate studies may place the student on academic probation.

Any student who is not in good academic standing as defined above or who is otherwise determined to be making unsatisfactory academic progress must be placed on academic probation. A probationary letter must be issued to the student (with a copy to the advisor, if applicable) indicating the conditions that must be met and outlining an appropriate period of time in which to regain good academic standing. The outcome that will result if the conditions are not met must also be included in the probationary letter.

In general, academic review takes place at the end of each fall and spring semesters. After review, the department must issue probation letters (in late-December/early-January for fall, and/or in late-May for spring) to the appropriate students. Probation letters must indicate the terms of the probation and the pathway toward its removal. After the specified period outlined in the probation letter, the student must be sent another letter to either remove the probationary status or issue a second probationary letter with new conditions for regaining good academic standing, or to dismiss the student from the program.

Academic Dismissal

Graduate students not meeting the written terms of their academic probation may be academically dismissed from the program by the director of graduate studies, chair of the department or graduate program director. Such dismissals shall be done in a timely fashion but no later than three weeks after the completion of the term. The Graduate School will be notified in writing of all such academic dismissals.

Graduate students who are dismissed for academic reasons from a graduate program will have a "GRD" (Graduate School) service indicator placed on their academic record to prevent future registration.

Degree Completion & Graduation

Application for Graduation for advanced certificate, master's and EdD students

A student may apply for graduation through HUB only once (per degree program). That is, if they have already applied for graduation in hub, they will not be able to do it again.

- In HUB, click on My Academics or select Apply for Graduation from the drop-down menu.
- Click on the Apply for graduation link in the Graduation box
- Review the degree to be sure you are applying for graduation for the appropriate degree program. If you do not see it here – contact your academic department.
- Select your appropriate expected graduation term
- Once the graduation term has been selected, the Graduation Instructions will populate automatically with reminders and special instructions.
- Verify Graduation Data and click the Submit Application button.

Graduation Term	Expected Grad Term (AAR)	Deadline to Apply in HUB	Conferral Date
Spring	2xx1	February 22 nd	June 1 st
Summer	2xx6	July 15 th	August 31 st
Fall	2xx9	October 15 th	February 1 st (following year)

*xx = last two digits of the calendar year
ex.) 2231 = spring 2023 graduation term, June 2023 conferral

Degree Conferral Dates

All tuition, fees, late charges, and fines must be paid in order to confer and receive degrees. The annual deadlines to file paperwork for degree conferral are below:

Graduation Term	Application Deadline	Conferral Date
Fall	October 15	February 1
Spring	February 22	June 1
Summer	July 15	September 1

Changing Graduation Date

To change the graduation date after applying for graduation in HUB, students will file a petition to change expected conferral date. The form is submitted to the Graduate School for approval. You can find the form at the following link: <https://www.buffalo.edu/content/dam/grad/forms/change-graduation-aud-dnp-dsw-edd.pdf>

Time Limits for Degree Conferral

Master's degrees must be completed **within four years from the student's first registration date** in that master's degree program. Doctoral degrees must be completed within **seven years from the student's initial formal matriculation** in that doctoral program. Requests for extensions of time limits must be petitioned using the Extension of Time Limit to Complete a Degree Program form. Each divisional or area committee may establish its own stricter policies within the constraints of these overarching institutional policies. Due to the COVID-19 pandemic, the spring 2020 term is excluded from UB's time-to-degree calculations.

You can find the Extension of Time Limit form at the following link:

<https://www.buffalo.edu/content/dam/grad/forms/pet-extension.pdf>

HUB Student Center

The Student Center is a self-service page that provides students an entry to the HUB. Along with MyUB, it provides navigation to tools and information that are important to you. To reach the Student Center click the Student Center tab from MyUB.

In the Academics section of the Student Center click the My Academics link. The My Academics tab contains links to:

- View your Advisement Reports
 - To view your advisement reports, click on the View Your Advisement Reports link in the Academic Requirements Group
 - Once you've clicked the link you have the option of viewing your report on the web, or by printing it. If you would like to print the report, click the "Printable Version" link.
- Create a What-if Scenario

- Transfer Credit Evaluation
- View my Course History
- Request a Transcript
- Request Enrollment Verification
- Apply for Graduation
- View my Graduation Status

It is very important to note that if an area in your advisement report is “not satisfied” this will prevent a student from graduating. If you have discussed with your advisor substituting a course for a required course or transferring a course from another institution the Assistant to the Chair needs to be made aware of this. Extra steps will have to be done to satisfy the requirements in the AAR so that the student can graduate.

Registration & Courses

Credit Hours Requirements

Students enrolled in master’s level programs in the Graduate School must complete a minimum of 30 credit hours of graduate study. **Each program in ELP has its own requirements (see program overview for details).** A minimum of 50 percent of the PhD program must consist of courses completed at UB and uniquely applied to that degree program. The Graduate School will consider for transfer credit graduate-level coursework from nationally accredited institutions of higher education as well as graduate-level coursework from any international institution that UB recognizes as equivalent to a nationally accredited institution.

Graduate students in ELP may register for no more than 12 credit hours per semester. Students who receive graduate assistantship (GA) funding through the Graduate School of Education (GSE) can take no more than nine (9) credit hours per semester. Exceptions to the policy may be granted for extenuating circumstances only and must be approved by the Department Chair.

Transfer Credits

Only those graduate courses completed at accredited or recognized international institutions and with grades of B or better are eligible for transfer credit. Courses with grades of S or P are eligible for transfer except when the transfer institution’s grading policy equates S or P with lower than a B grade.

No more than **20 percent of a master’s program** may be comprised of credits from another graduate degree program. For example, students pursuing a 30-credit UB master's degree may transfer up to six graduate credits either from UB, or other accredited institutions, into their program. Students pursuing a 45-credit master's degree program may transfer up to nine graduate credits. Conversion of credits from trimester, quarterly and other calendar systems will be completed based on nationally accepted standards: i.e., trimester hours are equivalent to semester credits, however quarterly hours are equivalent to two-thirds semester credits.

The director of graduate studies or chair of the student's home department must first formally evaluate any transfer coursework for its applicability toward any particular graduate program of study. Once transfer credits are deemed appropriate and applicable by the department, the student files a Graduate Student Petition for Transfer Credit form during the student's first year of matriculation to UB. Upon receipt of the transfer credit petition, the Graduate School will evaluate credit and grade equivalences, and verify the courses were completed at an accredited or recognized institution. UB must receive a final official transcript from the transfer institution before the transfer credits may be formally approved and recorded on the student's UB record.

<https://www.buffalo.edu/content/dam/grad/forms/pet-transfer-2022.pdf>

Enrollment/Readmission

Graduate students must register (and pay all tuition and fees not covered by a tuition or scholarship) for a minimum of one credit hour each fall and spring term until all requirements for the degree are completed. If continuous registration is impossible or inappropriate at any time, students must secure a leave of absence from the department and obtain approval from the department. Students may not be on a leave of absence during the semester in which a degree will be conferred.

Under some circumstances, this requirement may be waived in the semester prior to degree conferral if the student has an approved Application to Candidacy on file and will not be using any UB services or faculty time. If a student fails to maintain continuous registration each semester (fall and spring) and does not petition for and receive a leave of absence, his/her student status is automatically terminated by the University.

Academic departments may file a semester record activation request for graduate students who were previously admitted into an academic program through UB's Graduate Application System and had a break in attendance of no more than five years and had neglected to secure an approved leave of absence from the Graduate School.

If a student wishes to be reactivated within their program, they should reach out to their department coordinator(s) or advisor. Once reviewed and approved, a new semester record will be created with exactly the same academic career, program and plan as recorded for the last semester in which the student attended UB. At the time of semester record activation, the student will be assessed a non-refundable record activation fee (currently \$350).

Leaves of Absence

To request a leave of absence, a student must complete the Graduate Student Petition for a Leave of Absence form. The form must then be forwarded to the Office of the Registrar by the last day of classes of the semester in which the leave is to begin.

The form to submit a petition for a leave of absence can be found at the following link:

<https://registrar.buffalo.edu/pdfs/gradleaveofAbsence.pdf>

Normally, leaves are granted for a maximum of one year, but may be extended for up to one additional year if circumstances warrant. All leave requests must be supported by adequate documentation. Students approved for a leave of absence remain liable for any outstanding tuition and fee charges.

International students are advised to consult with International Student and Scholar Services prior to applying for a leave of absence.

Failure to register for classes or secure a leave of absence by the last day of classes of the semester in which the leave is to begin will result in the student losing their access to register for classes in a future semester. To regain registration access within a subsequent five-year period, the department will file a semester record activation request on behalf of the student (see the "Enrollment/Readmission" section for more details).

Full-Time Status Certification

Under certain circumstances, a graduate student can be certified full-time even though they are registered for less than a full-time academic load. Full-time status may be required by outside agencies or organizations such as lending institutions, health insurance carriers, USCIS, etc. Eligible circumstances include:

- A student who is at the candidacy stage of their program and is working full-time on a project, portfolio, thesis, dissertation or a final comprehensive exam.
- A student who is engaged full-time in required field work, practicum or internship.
- A doctoral student who is preparing for a qualifying exam prior to candidacy.
- A student who is participating in a university-approved foreign exchange program.

Full-time certification requires that full-time academic effort is put forth, regardless of the number of credits registered in a given term.

The full-time certification form should be completed and sent to the Graduate School prior to the start of the semester. The weekly hours of academic effort required, in addition to credits registered, as well as the forms to certify based on degree, can be found at the following link: <https://www.buffalo.edu/grad/succeed/current-students/policy-library.html>

International Students Information

Office of International Student Services

International Student Services (ISS) supports international students at UB. They offer provide news and events that may affect you as an international student. Staff members offer assistance in multiple languages and can help address immigration concerns, help you to transition to UB, and introduce you to all the Buffalo-Niagara region has to offer, from major attractions to its vibrant arts and cultural scene. Visit the International Student Services website for more information.

English Language Institute

The English Language Institute (ELI), founded in 1971 and a unit of the Graduate School of Education of the University at Buffalo (UB), the State University of New York (SUNY), offers English language instruction, cultural orientation and pre-academic training to international students, scholars and professionals on an intensive and per-course basis. To learn more, visit the ELI website.

Immigration and Visas

Maintaining your visa and valid immigration status is critically important for international students. Find all of the information you will need to arrive at UB in the right status. You can find more information at the ISS website.

Research Expectations and Opportunities

Academic requirements other than those imposed by the Graduate School are determined by the program faculty and approved by the appropriate decanal unit. All graduate students are expected to demonstrate competence in research with respect to their educational needs and career objectives. Policies as to research expectations and conduct, as well as opportunities for students to partake in research activities are outlined below:

Responsible Conduct in Research and Creative Activity

The Academic Integrity Policies and Procedures (AIPP) and the Academic Grievance Policies and Procedures (AGPP) are secondary to UB's Responsible Conduct in Research and Creative Activity (RCRCA) policies and

procedures. The RCRCA addresses misconduct that may include violations of the AIPP or AGPP. If proceedings initiated pursuant to the RCRCA include possible violation of the AIPP or AGPP, formal actions pursuant to the AIPP or AGPP shall be postponed until the RCRCA proceedings are completed. If the RCRCA proceedings result in recommendation of formal AIPP or AGPP proceedings, these shall be initiated promptly. If the RCRCA proceedings result in findings that a student has violated the AIPP, penalties that may be imposed include dismissal from the program in addition to any and all specified in the AIPP. If the RCRCA proceedings result in findings that a student has not violated the AIPP, the student may not be charged again with the same offenses under the AIPP. RCRCA proceedings, findings and penalties shall be neither challenged nor appealed through the AIPP or AGPP.

Responsible Conduct of Research (RCR) Training Requirement

All students admitted to a PhD program for the fall 2009 semester or thereafter are required to document successful completion of "Responsible Conduct of Research" (RCR) training when they submit their Application to Candidacy form for their PhD degree. This training requirement may be fulfilled by either (1.) enrolling in and passing with a grade of B (3.00) or better SSI 640 Graduate Research Ethics, LAI 648 Research Ethics or RPN 541 Ethics and Conduct of Research or (2.) completing the Collaborative Institutional Training Initiative (CITI) online Responsible Conduct of Research course with an average score of 80 percent or higher. Students opting to complete the CITI online course must supply documentation of its successful completion with their Application to Candidacy.

Collaborative Institutional Training Initiative (CITI) Online Program in Responsible Conduct of Research (RCR)

The University at Buffalo has an institutional membership in the CITI online RCR program. That online program can be accessed through the CITI Program website.

Initially, the student needs to register and choose a password, which allows the program to be entered and re-entered as many time as needed. Also, the student is asked, at the time of initial registration, to enter their name, mailing address, phone number, email address and UB person number. A database of UB participants is created using that information.

There are four versions of the CITI online RCR course from which the student should choose the version most appropriate for their area of doctoral study: biomedical sciences, social and behavioral sciences, physical sciences or humanities. The RCR program is comprised of a series of modules, each of which consists of readings and case studies and ends with a quiz covering the material. Assistance is available online at the CITI website if any technical difficulties are encountered.

Once the student has successfully completed the appropriate version of the CITI RCR program with a passing grade of 80 percent or higher, they must print the "Completion Report" from within the CITI program as documentation of successful completion and submit it with the PhD degree Application to Candidacy.

Campus Resources & Services

Office of Accessibility Resources

Accessibility Resources coordinates reasonable accommodations for equitable access to UB for students with disabilities. If you believe you are eligible for an accommodation, please contact their office:

<https://www.buffalo.edu/studentlife/who-we-are/departments/accessibility.html>

University Libraries

The University Libraries' information resources and services support the teaching, learning and research initiatives of UB students and faculty. Their staff help with all phases of the research process, including open access publishing, data management and maximizing the visibility/impact of scholarly research endeavors. Library branches include Architecture and Planning, Law, Health Sciences, the Annex, Lockwood Memorial Library, Music Library, Oscar A. Silverman Library, and the University Archives. To learn more about their services, or to request help from a library staff member, visit them on both North and South Campus.

<https://library.buffalo.edu/>

UB Information Technology

UB Information Technology is the central department on campus responsible for ensuring access and services relative to technology needs for students, faculty and staff on campus. Their office governs the use of key student tools, including HUB, UBMail, UB Box, and Printing Services. To learn more, visit the UBIT Help Center on the 2nd floor of Lockwood Library, next to the Cybrary entrance.

<https://www.buffalo.edu/ubit/get-help.html>

UB Student Life Services

Counseling Center

Counseling Services assists students with emotional issues, stress, crisis management and much more to support mental wellness through a variety of services.

<https://www.buffalo.edu/studentlife/who-we-are/departments/counseling.html>

Center for Excellence in Writing

The Center for Excellence in Writing provides resources for undergraduate and graduate students to improve their writing abilities in a range of areas. They offer individual consulting, writing retreats, and workshops, as well as Write Through, an article series featuring the stories and insights of successful dissertation writers. To visit or make an appointment, find their office in Baldy Hall.

<https://www.buffalo.edu/writing.html>

Quantitative and Qualitative Data Analysis Lab (QQDAL)

The Data Analysis Lab offers free statistical assistance to students with issues related to quantitative research design, measurement and statistical data analysis as well as qualitative data analysis. No appointment is necessary for walk-in hours. Lab assistants may also be available by appointment (contact via email). Your questions, comments and suggestions regarding the lab are always welcome. Visit the lab at 519 Baldy Hall.

<https://ed.buffalo.edu/faculty-staff/it-support/labs-classrooms/data-analysis-lab.html>

Health Promotion

Health Promotion (formerly Wellness Education Services) supports student well-being and academic success by building a healthy campus culture. Their services include nutrition, stress management, sexual health and alcohol/drug safety and awareness. Take advantage of their multitude of services by visiting their office:

<https://www.buffalo.edu/studentlife/who-we-are/departments/health-promotion.html>

Student Health Services

Student Health Services provides high-quality medical services and patient education for all UB students, including primary care, preventative treatment and specialty services. Student Health Services is now located at 4350 Maple Road (near Sweet Home Rd.)

<https://www.buffalo.edu/studentlife/who-we-are/departments/health.html>

Sports and Recreation

UB Recreation gives students the opportunity to get involved in many physical activities and clubs. Activities take place at Alumni Arena, and schedules are posted on their website and in the building.

<https://www.buffalo.edu/recreation.html>

UB is home to 14 Division 1 men's and women's sport' teams. See their schedule and purchase tickets in Alumni Arena or online.

<https://ubbulls.com/>

Professional Associations

Professional associations provide for the exchange of ideas, the enhancement of professional growth, and in many instances offer the opportunity to gain experience in administrative leadership. Students are encouraged to become acquainted with their professional associations and to participate in these as part of their own professional development. See the list of organizations below:

American Anthropological Association (AAA) is the world's largest scholarly and professional organization of anthropologists.

American Educational Research Association (AERA), is a national association that promotes educational research. There is an annual meeting at which professors and students may present accepted papers. Full-time graduate students may join at a special rate. AERA publishes a number of highly regarded scholarly journals including the *Educational Researcher*, *The American Educational Research Journal*, and *The Review of Educational Research*. All AERA members-regardless of membership type-receive online access to all seven AERA journals. The Association has a number of special interest divisions.

American Educational Studies Association (AESA) was constituted to promote the academic study of education processes, and the improvement of teaching and research in areas related to educational studies. The journal *Educational Studies* is published by this association. A meeting of general members is held annually.

American Sociological Association (ASA) is the national professional membership association for sociologists and others who are interested in sociology. AESA publishes a number of highly regarded scholarly journals including the *American Sociological Review*, and *Sociology of Education*.

Comparative and International Education Society (CIES) through its national and international meetings, serves as a forum for the scholarly and professional interests of educators, social and behavioral scientists, administrators and policymakers. CIES publishes a quarterly newsletter in addition to the journal, *Comparative Education Review*. The Association has a number of special interest groups (SIGs), including regional SIGs and topic-based SIGs.

Eastern Sociological Society (ESS) provides a platform for sociological scholarship and host an annual conference. ESS publishes a peer-reviewed journal *Sociological Forum* and supports workshops.

Immigration History Society provides a forum for research in the history of European, African, Asian, and Hispanic immigration and ethnic life in the United States through annual scholarly meetings (held in conjunction with the Organization of American Historians), its newsletter, and its quarterly journal, *The Journal of American Ethnic History*. This society will be helpful to students interested in the education of minorities and in multicultural education.

National Society for the Study of Education (NSSE) is an organization of education scholars, professional educators, and policy makers dedicated to the improvement of education research, policy, and practice. Founded in 1901, NSSE is the oldest national educational research organization in the United States.

Northeast Educational Research Association (NERA), is a regional organization that promotes research. It holds an annual meeting, usually in late October in New York State or New England. Professors and/or students may present accepted papers; there is a special provision for student membership.

Phi Delta Kappa is an international honorary society dedicated to promoting leadership, research and service in public education. The UB chapter holds monthly meetings during which topics of professional interest are

discussed. Membership includes subscription to the Phi Delta Kappan magazine and newsletters. Membership is open to UB graduate students.

Philosophy of Education Society is an international forum that promotes the philosophic treatment of educational practice, policy and research, advances the quality of teaching the philosophy of education, and cultivates fruitful relationships between and among philosophers, philosophers of education and educators.

Western New York Women in Administration (WNYWA) was established in 1990 to address the lack of women in educational leadership positions. It was the genesis of a group of individuals who met to develop a statewide network, now known as NYSAWA. This group creates programs to identify and promote women in leadership.

Note: The Educational Leadership and Policy Department reserves the right to amend, alter, and update the policies, procedures, or other information provided in this handbook as needed. Changes, revisions, and amendments to the material in this handbook will be published on the Educational Leadership and Policy Department website and in future editions of the handbook.

While this handbook has been developed to assist you throughout this academic program, it does not constitute the whole of UB or GSE policies concerning students. It is the student's responsibility to be aware of and comply with all policies, procedures, and deadlines.
