Applying For Teacher Certification:

Program completion does not automatically lead to a University at Buffalo recommendation for the issuance of a professional teacher certificate, and a University at Buffalo recommendation does not automatically lead to the issuance of this certificate. To apply for a professional teacher certificate, you must meet the program requirements of the University at Buffalo (as specified within this document, as well as all applicable prerequisite distribution requirements and any other requirements specified at the point of admission or thereafter as a condition of continued enrollment) and the certification requirements of the New York State Education Department (such as the teaching experience). For information about the certification application process, please contact the Teacher Education Institute (716-645-2461, ed.buffalo.edu/tei). Please note, completion of the program in which you are enrolled may only lead to a University at Buffalo recommendation for the issuance of a professional teacher certificate in the content area of this program; if you are applying for teacher certificates in other areas of certification, you should contact the New York State Education Department and/or the certification officer at your local BOCES.
